Cultural Organization

International
Day of Light
16 May

UNESCO's first
INTERNATIONAL DAY OF LIGHT

May 16, 2018 - Oslo, Norway

Our International Day of Light events so far are:

DogA - Norwegian Centre for Design and Architecture

Seminar on Light and Health (10 am - 4 pm)

Presentations to be held at DogA:

Prof. Michael Rodhe., Dr. Alexander Wunsch, Dr. Uwe Geier,
Prof. Abraham Haim, Octavio Luis Perez, Karl Ryberg, Anadi Martel

Light Lab & Writers' Day at House of Literature

(10 am - 7 pm) Meet the authors of the latest books on light and health

Among the authors present:

Jacob Liberman, James Oschman, Karl Ryberg, Anadi Martel, Gabrielle
Buresch-Teichmann, Mark Wentworth, plus an experiential
demonstration of the light research of Andre Bjerke, Norwegian poet

Rudolf Steiner University College

The Joy of Colour in Everyday Life - Presentations and discussions
with Colour Ambassador Mark Wenworth

Ekeberg Parc (8 pm - 10 pm)

Inner Light experience at sunset by the installation
SKYSPACE, made by James Turrell.

The installation *Skyspace: The Color Beneath* can be experienced at
sunrise and sunset. The artwork is a specially designed room with an
opening in the ceiling, directly to the sky. It creates a magnificent
communion between the room you sit in and the sky above.

*"If you would like to host an event or join us in celebrating
IDL then please contact us with your ideas"*
